

MUSIC LESSONS FOR HOMESCHOOLERS

Dear, Homeschooling Parents

Thank you for your interest in our homeschooler's program!

Many studies indicate that students who participate in music show larger vocabularies and more advanced reading skills than students who don't learn music. Plus, music helps with their overall studies, critical thinking skills and team work. We know that homeschooling parents are very dedicated to their children's education and you want to give the very best learning environment for them.

We have been voted the "Best Music Academy in Denton County" for the past several years. We have dedicated teachers who care about your children and their musical journey. While many of our students have strived to become college-level music majors, accomplished professionals, and/or competition award winners, we love to serve students of all ages and levels!

No matter what level of musical accomplishment you are looking for in your child, we're here to help you along the way.

Here are some of the benefits of choosing Lone Star Music Academy

Parents' testimonial

"After a quick look at Lone Star Music Academy's long list of very experienced instructors, we knew that the piano education for our son would be high quality. However, we did not realize that we also would make new lifelong friends! From the front desk staff's cheerful greeting at the front door each week to the absolutely phenomenal teaching of wonderful teachers, this place feels like musical-home. Our son began piano lessons at age four, and his teacher's patience with him was unparalleled. Now that he is ten, he is receiving more challenging and inspiring instruction. We are a homeschooling family, so we truly appreciate the open-door policy of allowing parents to be involved in the lessons. We believe this has helped our son reach some major milestones in his five plus years of piano lessons. The regular recitals are an added bonus and have helped him learn to share his talents with boldness and enthusiasm. He has literally grown up with Lone Star Music Academy, and we can't wait to see what the future holds for him. We are thankful for the blessing of Lone Star Music Academy.
